AMERICAN FOOTBALL HITS BALANCE

Fifty Colleges Vote for Open
Game, Eliminating Danger-
ous Plays.

ALL-STAR QUARTERBACK SUGGESTS CHANGES

Committee's Work Will Be
Watched by Fans Through-
out Country.

NEW YORK, Dec. 27.—Fifty colleges out of eighty-eight in the Intercollegiate Athletic association have voted for the retention of American football games with the elimination of dangerous plays and other dangerous plays.

This was the first time that the executive committee of the association on the eve of a meeting to be held tomorrow.

Five institutions voted that the present game is satisfactory except in minor details, seven voted to amend the game of football by seven to a majority position between the American game and rugby, and the rest voted that the American game should be radically changed or rugby substituted.

The executive committee, it was announced, favored the changes proposed by the athletic committee of West Point, and will so report tomorrow. The West Point committee has prepared a resolution declaring that football has developed dangers that are too numerous to be tolerable, and that it has become necessary to eradicate undue roughness.

Among the changes of the game the executive committee has decided to announce, favored the changes proposed by the athletic committee of West Point, and will so report tomorrow.

An executive desire to win at any cost, which develops a tendency to semi-professional games, the practice of employing professional coaches not identified with the college and the use of physical punishment and strength instead of mental endurance and individual skill.

Should Protect Receiver.

It is a further contention that indiscriminate playing of the forward pass should be prohibited, and to this end the forward pass is condemned as an extremely dangerous play, and the unprotected position of the player receiving the pass, dragging and pulling of a fallen player is condemned, and that the player is provided for by piling upon a man who has fallen with a ball.

Sixty-four delegates and thirteen non-members of the association will attend the convention tomorrow. The association is not a governing body and has no direct control over college sports, but whatever it recommends will more than likely meet with the approval of the rules committee. The fact that the executive committee favors the West Point resolution indicates that the game play will be changed.

The executive committee consists of Capt. Palmer B. Pierce of West Point, chairman, Fred S. Weyland, coach of the University of Chicago, and Philip of Amherst.

King Has Remedy.

Phil King, three times quarterback on the All-American football team, and now an advisory coach at Princeton, has forwarded his suggestions for changes in the rules of football to the Intercollegiate Athletic association, as follows:

Play the ball five yards back of the line of scrimmage.

Play seven men on the line of defense at all times, to prevent the defense from spreading against that formation, and allow the quarterback to run anywhere with the ball.

In the event that the forward pass is retained, remove all restrictions, allowing passes over the line and allowing any player to recover the ball after it has been touched and fumbled.

Arrange one-minute rests at the end of each ten, twenty and thirty-minute periods, giving the captain ample time to look over his men and note their condition and condition of the field.

No coach or other man connected with a contesting team to be allowed on the field in the period of rest.

MOTHER IS CHARGED WITH SLAYING SONS

Woman Apparently Became In-
sane and Killed Children in
Father's Absence.

LOVELAND, O., Dec. 27.—Charged with the murder of her two boys and with having set fire to her home to conceal the crime, Mrs. Paul Sonneck was arrested today in an apparently demented condition. The bodies of the boys, one 6 years old, the other 2, were found in the home after the fire had been put out. The bodies of the children had been crushed by some blunt instrument.

His father was away when the fire was discovered and Mrs. Sonneck was found walking up and down in front of the burning home, crying and calling hysterically for her boys. She will be held to the common pleas court for trial.

The woman is unable to give any coherent account of the tragedy.

TRIBUTE TO REMINGTON FOR WORK IN THE WEST

RIDGEFIELD, Conn., Dec. 27.—"The horse, the horse, he pictured the vanishing west."

These two characteristic inscriptions will probably be placed on the tomb of Frederick Remington, the artist, according to an announcement made here following his death yesterday. Both were suggested some years ago by the artist himself.

Remington first attracted the attention of the public by his representations of horses. Later in life he became filled with the ambition to make a lasting record of his own native vision of the west. His interest, however, was not in the west of the present day.

"The west is no longer picturesque," he said a short time before his death. "It is no longer the west of the beautiful and of the stirring events."

Ha! Ha! He! He!

That's the way to feel—EVERY ONE does that takes a CASCARET night BEFORE, when he looks at the fellow who didn't. For OVER-EATING and DRINKING nothing on Earth cleans you out as a CASCARET, naturally—easily, without that upset sick feeling. Don't neglect—at bed time—9 P.M. or 4 A.M.—no difference—you'll need it.

FATHER OF VARSITY ATHLETICS WANTED

Holmes May Be Selected From
Many Named to Coach
Wisconsin.

MADISON, Wis., Dec. 27.—Sentiment here is crystallizing in favor of the appointment of a Wisconsin man to vacant physical directorship at Wisconsin. Among the Wisconsin graduates whose names have been mentioned are former Graduate Managers John L. Fisher of Janesville and George F. Towner of Butte, Mont. Harvey Holmes, director of athletics at the University of Southern California, also has been mentioned.

Harvey Holmes, one of the best all-round athletes that ever came to this state, is well known in Salt Lake City. He has had charge of athletics at the University of Utah up to the time when Coach Joe Maddock took hold.

When Coach Holmes came to Utah in its infancy and he took hold of a lot of "farmers" and developed the best team in the state. He was then largely against it for material. He took several high school boys who had failed to make the varsity team, and he took a number and filled in the seven remaining positions with men who had never played before.

At the varsity was when the back field averaged 145 pounds and the line 155 pounds, but the average high school team of today.

With this team the Carlisle Indians were played to a standstill in the first half of a match game, but after the first half and the score resulted to 6, the Indians down to the lowest score of any western team. The All-star California team, beaten 20 to 0, was a real worth was never appreciated here, but those who are up to athletics know that he delivered the best material he had to work with.

ST. PETERSBURG, Dec. 27.—After two years' confinement in the fortress Catherine Breshkovskaya, who is to be placed on trial in February on a charge of being a member of the revolutionary organization, was today allowed her first conference with her counsel, M. Zaturdy.

M. Zaturdy said later that he had found Mrs. Breshkovskaya in surprisingly good health, and that she was apparently unopposed to the government. She declined to ask for a transfer to the preliminary detention prison and may possibly refuse to present a defense.

Nicholas Tschikovsky, who will be tried at the same time on a similar charge, will present a series of alibis for the specific instances of revolutionary activity with which he is accused, and a denial of membership in the social revolutionary organization, although sympathizing with its aims. The joint indictment found against Tschikovsky and Mrs. Breshkovskaya and served on them December 25, is a document of fifty-five pages, and charges the careers of the two defendants up to 1905, charging membership in the central revolutionary committee and citing articles to prove that they advocated terrorism.

A. A. U. Events, Owing to
Antagonism.

"The prospects for 1910," he continues, "are most promising. I look for the greatest boom ever experienced in athletics. The first important national athletic event will be the wrestling, gymnastic and basketball championships. All of these championships have been allotted to Chicago, the national indoor championships will be divided up among the large swimming clubs in New York, Boston, St. Louis and Chicago, as these are the centers of the sport."

"One reason why Chicago is so particularly favored for the national events is that the national body appreciates that it will be necessary to keep athletics popular with the masses, and for this reason a little antagonism which has developed and which is localized in Chicago, will be of no account."

"The amateur national track and field championships will be held in the time of the first to last of the season. The committee thought it wise to stimulate the support in that section of the country."

GIRL ROBS BANK OF FATHER FOR HER DOWRY

CHICAGO, Dec. 27.—An unusual story was outlined in the criminal court here today in the opening statement in the trial of eight Italians who are accused of conspiring with crippled seventeen-year-old Angeline Schiavone to rob her father, an Italian banker.

In his argument, Assistant State's Attorney Fleming told the jury that Francesco Schiavone, uncle of Angeline, three years ago told the girl to get all the money she could from her father's bank, bring it to him, and he would save it for her, and when she had a snug sum she could marry his son Michael.

The girl was employed in her father's bank, and it is alleged that her thefts aggregated \$30,000 before she was detected. When money from the bank was found in her possession, she told her object in taking it and declared that, being crippled, she feared she would be unable to marry and so had tried to win a husband with her father's money.

Michael Schiavone is lame and five years the senior of his cousin Angeline. The eight defendants to the conspiracy charge are all relatives of the girl.

COMEDIAN LAUDER IS IN FAVOR OF RUGBY

Says American Football Is Too
Rough and Cruel as Played
at Present.

"Association football as played in Scotland and England is far ahead of the so-called Rugby game that is played in this country," says Harry Lauder, the famous Scotch comedian, who is to show here January 3. Lauder has witnessed several of the college games since coming to this country this last time, and he regards the Scotch game as far more civilized when compared with the association game.

"I was a boy, I played association football," said he. "I was never a success at the game. In the first place I hadn't the time to devote to it. I was busy with my work. Then again, I probably wouldn't have been much of a success at it anyway. There are scientific men in the game as played abroad now. Association football is a scientific game, and far ahead of the football played in this country."
